## Project Factsheet

### Job Creation and Entrepreneurship Opportunities for Syrians under Temporary Protection and Host Communities in Turkey

#### OBJECTIVES

- Increase the availability of a skilled, competent and productive labour supply to facilitate access to decent work for Syrians under temporary protection (SuTPs) and Turkish local communities.
- Promote an enabling environment for business development and economic growth in identified sectors and geographic locations to address job creation and stimulate entrepreneurship opportunities for SuTPs and Turkish local communities.
- Provide support to labour market governance institutions and mechanisms in implementing inclusive development strategies.

#### BUDGET

EUR 11.6 million

#### START DATE

01/02/2018

#### DURATION

30 months

#### EXPECTED RESULTS

- Increase employability and labour market access of SuTPs and local communities.
- Increase knowledge on basic labour market skills including intercultural interaction and workplace adaptation.
- Enhance knowledge on potentials for local economic development and employment creation.
- Create decent work opportunities for SuTPs and local communities.
- Improve capacity of government institutions and social partners to implement national policies.
- Increase awareness on fundamental principles and rights at work.
